MD Services SARL

Mr. Didi Mudogo, the Managing Director, has built a proven track record of success in the DRC and across the African continent with his award-winning team of experts in Human Resources Management providing solutions thus far for clients in the mining sector, cement sector and oil exploration sector.

No matter the size, MD Services performs and always delivers. With offices across Africa no project is out of reach or too small. As an HR leader in the DRC we are consistently recognized for our outstanding excellence in service delivery and in leadership.

Our mission is to provide customized outsourcing services and solutions that respond to the growing and changing needs of our partners.

Why should MD Services be your Partner of Choice?

- MD Services, a 100% Congolese company will connect you with the right people ensuring the door to new opportunities in the DRC opens effortlessly. The company specialises in staff recruitment and the management of Human Resources. It has become the obvious choice for companies operating in the region and is the leading Human Resource Management Company in the mining- and cement sectors in the DRC.
- We will recruit your staff from a good balance of local community pools. In doing so, you maintain a close relationship with the local communities for a better integration of the customers' projects.
- We Interface to the state institutions in order to space our customers from administrative burdens.
- We organise staff salary payments and process to its pre-financing.
- We process to a continuous training of our personnel made available to the customer.
- MD Services manages expats and provide Immigration Outsourcing Services.
- We assist in translations in case of language barriers.
- We do payroll and employee training.

True Professionals

We mobilize, allocate and manage human resources for an optimal implementation of the following activities:

- Supply logistics (transport, receiving, inventory and distribution).
- Manufacturing (transformation of raw materials into finished products, construction, assembly).
- Logistics Marketing (collection, inventory and distribution of finished products to the customer).
- Security and guarding offices, warehouses, residences, etc.
- Maintenance of facilities.
